In today's environments where high power, signaling and waterproof protection are required, Anderson Power Products[®] has you protected.

Built on the success and proven reliability of the SBS[®] Series for both lead acid and lithium-ion battery technology, the **NEW** SBS[®]X-75A Sealed Waterproof Connector Series comes with two power contacts rated up to 120A, accepting wire sizes from 12 to 4 AWG (2.5 to 25mm²) along with up to 4 auxiliaries for 12 to 24 AWG (0.50 to 2.5mm²) wire sizes, and the durability of up to 5,000 mating cycles. Product is rated for IP 68 ingress protection certification in the mated condition, or with the use of covers in the unmated condition. Positive metal latches help safeguard against accidental disconnects that may be caused by vibration, while built in cable clamp allows for strain relief on wires.

FEATURES

- 2 Power & up to 4 Signals
- Rated for IP 68 Ingress Protection
- Positive Latching to Secure Connection for Vibration Applications
- Operating Temperatures -20°C to 105°C
- 5,000 Mating Cycles

TARGET MARKETS

- Industrial/Commercial
- Power Equipment
- Material Handling/Automation
- Agricultural Equipment
- Lawn/Garden Equipment
- Marine

Does your next project need Ingress Protection against harsh environments?
